MONTHLY REVIEW OF AFDC

APPLICATIONS RECEIVED

During the month of February, the Department of Human Services received 3,606 applications for Aid to Families with Dependent Children, a decrease of 649 (15.3 percent) from the number received during January. In comparison with the number of applications received during February of the preceding year, there was a decrease of 532 applications (12.9 percent).

APPLICATIONS DISPOSED OF

Investigations were completed on 3,594 AFDC applications during February. This number was 60.7 percent of the total applications on hand. It compares with 63.8 percent of the total number on hand for which investigations were completed during the preceding month and 59.3 percent for which investigations were completed during the same month of the preceding year. Two thousand three hundred and eighty-four (66.3 percent of those on whose requests for assistance final decisions were made) were found to be eligible for assistance during February, in comparison with 2,609 applicants (64 percent of those investigated) approved the preceding month and 2,635 applicants (66.2 percent of those investigated) approved the corresponding month of last year. The number approved during the current month represented a decrease of 8.6 percent from the number approved in January, and a decrease of 9.5 percent from the number approved in February 1983. The rate of approvals for the AFDC Program increased over the preceding month by 2.3 percent and if a comparison is made with the corresponding month of last year, the rate of approvals showed an increase of 0.1 percent.

ASSISTANCE PAYMENTS

Money payments for AFDC during February amounted to $7,252,375. This was an increase of 0.1 percent over the amount of money payments for January, and an increase of 5.4 percent over the money payments for February of the preceding year. Payments were made for 56,572 families with 104,836 children at an average grant of $128.20 per family and $69.18 per child. The average grant decreased from January by $0.12 per family and $0.02 per child. In comparison with the same month of last year, the average grant showed an increase of $11.65 per family and an increase of $3.15 per child.

CASES CLOSED

One thousand seven hundred and ninety-two AFDC cases were closed during February, a decrease of 17 percent from the January closures. In comparison with the same month of the preceding year, the closures showed a decrease of 11.8 percent. One hundred and fifty-four (8.6 percent) of the AFDC cases closed during February were closed because of a change in economic circumstances, chiefly increased earnings, or benefits/pensions increased, making these cases no longer in need in accordance with the standards of the Department. One thousand six hundred and thirty-eight (91.4 percent of the total number closed) had had no change in economic circumstances, but were closed because of recipient initiative or gross income in excess of 150% of need standard.
